

A-Tag (Gen 1.0)

Sensors

Temperature

Operating range: -20 °C to 60 °C
Accuracy: ±1 °C

Tracking

Cellular location tracking
Data from cell towers and 3rd party location providers
Accuracy varies between different geographical areas

Battery

177 mAh non-rechargeable Zinc Manganese (Zn-MnO₂) printed battery
Lasts up to 1000 messages, communication frequency modifiable

Transmission Type

Cellular

Cellular Connectivity

3GPP Release 13, CAT-M, NB-IoT

Mounting

Simple free mounting due to self-adhesive backside

Dimensions

215 x 138 x 3,4 mm
Seal extension 61 x 32 x 0,5 mm

Weight

77 g

IP Rating

54

Certifications & Approvals

ATEX zone 2 & 22, RED, FCC, GCF
