BTD T

Sensors

Temperature

Operating range: -40 °C to 60 °C

Accuracy:

±0,5 °C (-20 °C to 60 °C)

±1 °C (-40 °C to -20 °C)

Tracking

BTD T reports to a parent tracker. This device transmits the information via the cellular network.

Battery

1350 mAh lithium metal battery

1.200 measurements memory

Measurement interval depends on parent tracker

Transmission Type

Bluetooth v4.2

Mounting

Free mounting

Dimensions

66,5 x 56 x 6,7 mm

Weight

25 g

IP Rating

67

Certifications & Approvals

CE, FCC, UN38.3, RTCA DO160G
